Forecast For East of England
Issued by Met Office Exeter
at 0400 on Friday 31 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Early rain clearing to brighter conditions. Windy and very mild.

Today:
Early cloud and rain, locally heavy, will quickly clear away eastwards during the morning. Becoming drier and brighter into the afternoon. A windy day and gusty at times. Very mild for the end of December. Maximum temperature 15 deg C (59 deg F).

Tonight:
After a dry evening, a band of cloud and some patchy light rain will move eastwards across the region overnight, clearing by dawn. Breezy and another mild night. Minimum temperature 10 deg C (50 deg F).

Saturday:
Early cloud soon clearing to leave a drier and brighter start. However, a band of cloud and rain will arrive from the west during the afternoon. Windy and very mild. Maximum temperature 14 deg C (57 deg F).

Outlook for Sunday to Tuesday:
A mixture of sunshine and showers Sunday and Monday, perhaps some longer spells of rain. A band of rain moves south on Tuesday, gradually turning drier, clearer and colder later.
